

Anas Alharbi

Product Designer, UI/UX

a.hrb59@gmail.com | 0506987989 | Saudi Arabia

SUMMARY

Management Information Systems graduate focused on product design and UI/UX. Comfortable across the design process, from research and wireframing to prototyping and usability testing in Figma, with front-end knowledge in HTML, CSS, JavaScript, and React. Enjoys turning ideas and requirements into simple, practical digital products.

EDUCATION

Bachelor's Degree in Management Information Systems

Aug 2022 - Jun 2026

University of Hafar Al-Batin

WORK EXPERIENCE

IT Support Trainee

Jan 2026 - May 2026

Central Hospital, Hafar Al-Batin, Saudi Arabia

- Provided day-to-day technical support to hospital staff, diagnosing and resolving hardware and software issues.
- Maintained and configured computers and printers, and managed user accounts and systems.
- Monitored internal networks and documented support tickets.

PROJECTS

Order Tracking System

- Designed and built a web app for adding orders and following their status from creation to completion.
- Kept the interface simple and organized so order status is clear at a glance.

Inventory & Cash Management System

- Designed and built a web system for product registration, quantity tracking, and cash operations.
- Focused on simplifying daily workflows through a clear, interactive interface.

SKILLS
